## SCENIC RIVER RAFTING TOUR

### **Our Scenic River Rafting Tour**

Our relaxing and refreshing Scenic River Rafting Tour is a perfect introduction to the beauty and wonder of the Sonoran Desert. The lower Salt and Verde rivers are favorite foraging areas for bald eagles, coyotes, wild horses, mule deer and desert bighorn sheep. Rugged mountains fill the background as we journey downstream between towering saguaro cactus and shady mesquite groves. Strangely beautiful plant and animal communities, unique to the desert southwest, provide us with abundant photo and learning opportunities. Our guides can share their extensive knowledge of the interesting and colorful history of the area, discuss the native plants and animals that we encounter along the way or simply keep a watchful eye over our guests during a spirited waterfight.

Many of our guests want to learn more about this unique environment while others simply want to relax and sunbathe. The lower Salt and Verde rivers are swiftly moving, but feature no large rapids. Our guests can stay warm and dry in the winter or cool off with a refreshing swim during the warmer summer months, making this tour an ideal addition to your meeting or vacation at any time of the year.

All guests are outfitted in lifejackets and given a brief safety orientation before the tour. Soft drinks and bottled water are provided at all times. Come see for yourself why our 2 hour scenic river rafting tour is one of the most popular outings in the area!

*Prices for our Scenic River Rafting Tour includes river use fees, soft drinks, bottled water, professional guides, motorcoach escorts and river and safety equipment. Tours are on the water from 30 minutes to 2 hours depending upon your requirements. Minimum group size for our wholesale operation is 10 participants and our maximum capacity is 180 participants. We reserve the right to select an appropriate location for your tour based upon flow conditions, seasonal considerations and other factors.*

*We operate our rafting tours on the lower Salt and Verde rivers year around. Because of the popularity of the lower Salt and Verde rivers with the general public during the late Spring and all through the Summer months, some special restrictions and considerations may apply to tours booked for this time. Please call our office for details.*
